## Curriculum Update

Social Studies: We are continuing to study how Florida grew into the state we are today.

Science: We are learning about energy and its uses.

Math: We are beginning geometry, learning about angles, lines, segments, points, shapes and rays. Students are encouraged to study vocabulary to help build foundation with geometry standards.

ELA: We are reviewing the standards we have already done and working on our opinion writing.

### Valentine Celebration

We will be celebrating Valentine's Day by exchanging Valentines. I will be sending home a bag for them to decorate and bring in for the exchange. If your child is interested in sending in Valentine's, please make sure they have a Valentine for everyone in the class.
