Calculator Policy for Florida Standards Assessments (FSA) Mathematics Assessments

Summary

Handheld Scientific Calculators

The following are FDOE-approved calculators for the 2017–18 school year:

- Texas Instruments TI-30Xa
- Casio fx-260 solar
- Casio fx-82 solar
- Sharp EL-510R
- Sharp EL-510RN

Schools may use calculators not on this list if district Mathematics specialists determine they meet the specifications.

FDOE will not review or approve additional models not listed above. Calculators are only allowed for the calculator session of the Algebra 1 EOC. Students are not allowed to share calculators. Not every test item in the calculator section will require the use of a calculator. Mathematics Policies & Materials Updated July 24, 2017 2

Note: A handheld four-function calculator may be provided for computer-based tests but is not recommended and may not be sufficient for all assessment items.

Students will need access to the following calculator functions:

- π
- x^2
- Square root ($\sqrt{\quad}$)
- e^x for Algebra 1
