

## Stewardship

- Sharing with others
- Doing good deeds for your family, school, and community
- Caring for school property

## Hospitality

- Greeting friends and guest
- Holding the door for others
- Give compliments and encourage others

# Citizenship

Here at The Villages Charter School we take our duty of being a good citizen to heart. Our hope is to guide and mold our children to be able to think about the choices they make and how those choices will affect others. Our four core values: Hospitality, Hard work, Creativity, and Stewardship help us to do this. Each month students have the opportunity to earn an award for showing they have been good citizens. The following are some examples of things we look for here in second grade that students do to show they are working towards this goal.

**Following school and classroom rules and procedures is expected! Dress code, hallway procedures, completing required work, lunchroom behavior, and special area behavior are all included.**

## Creativity

- Challenge yourself to try new things.
- -Don't just copy what everyone else says or does.

## Hard work

- Homework and classwork is completed and turned in on time.
- Doing *their* best work.
- Participating during lessons and activities.
