

Tips for oral presentations

1. Project your voice - speak to the back wall.
2. Speak slowly.
3. Pause at the end of sentences.
4. Use expression as you speak.
5. Make eye contact with your audience.
6. Keep your hands and papers away from your face - your audience wants to see your face.
7. Try to keep your body still and avoid distracting habits.
8. Practice - Practice - Practice!
