- Feb. 26**– Subtraction – take from, Subtraction – take apart, acting out subtraction problems, model and draw subtraction problems

Social Studies and Science Themes

In February, for dental awareness, we will be discussing how to keep our teeth and mouth healthy. We will also be learning about U.S. symbols, presidents, and patriotic songs. In honor of Valentines Day, we will be discussing and exploring friendship! We will also be discussing animals, what they need, and how they grow and change.

PI Opportunity

- Lysol Wipes
- Treasure box goodies (no candy)
- Tissues
- Dry erase/scented markers

Classroom News!!!

We have been busy strengthening our reading and writing skills! I am so excited for all the progress we're making. This month is going to be a busy month, as well.

We will be celebrating friendship and Valentine's Day on Wednesday, February 14th. We will be asking students to make their mailboxes at home with their families for our special day. A project note will be sent home with all of the fun details. As always, please feel free to contact me with any questions or concerns.

Thanks you for your continued support!

Phonemic Awareness

This month we will continue to work on phoneme isolation, phoneme blending, phoneme substitution, phoneme deletion and phoneme segmentation. Students will be able to isolate and pronounce the initial, medial vowel and final sounds in words. Students will be able to blend and segment onsets and rimes of single-syllable spoken words. Students will be able isolate and pronounce the initial, medial vowel and final sounds in three-phoneme words.

Upcoming Events

- Feb. 2nd – Groundhog's Day
