

Spanish Grades
Mrs. Silvana Gordon
2018-2019

When grading students' academic progress, the following areas will be weighted:

1 Participation (60%)

2 Assessments and verbal performance (40%)

-A separate conduct grade will be assigned taking into account the student's behavior.

-Students will not have homework responsibilities for my subject.

-The review process for tests will take place in the classroom; however, students will take their review materials home a week prior to the test.

-Students who are new to our school, and have not received Spanish instruction before, will be given special consideration during the first nine-week grading period they are here for. I believe it is only fair to give them the chance to catch up with the rest of the students. However, these students will always be expected to do their personal best.
