Art

Welcome to the 2018-2019 school year! There are so many wonderful art projects in store for both our 2nd and 3rd graders for this year. I just know that 2018-2019 is going to be an amazing and creative year for us all.

Our first lesson this August, for both 2nd and 3rd graders, will be creating one of a kind dragon's eyes for our upcoming reading celebration which is themed for Fables and Fairy Tales.

PI opportunities are always available for in class assistance, events and take home. Please contact me at anytime by email.

Physical Education

Greetings from the Physical Education Department! We are excited to meet our new students and get started in the 2018-2019 school year.

In the month of August we will begin with rules and procedures, and move quickly into our Locomotor Unit. In the locomotor unit we will have many fun activities including builders and bulldozers, bean bag relays, and 4 corners to name a few. We will spend one week in this unit and then move into our Throwing and Catching unit for the remainder of August. In this unit we will concentrate on the fundamentals of throwing and catching, both underhand and overhand skills.

We look forward to meeting and spending time with your child each and every day. If you have any questions, or concerns please don't hesitate to contact us.
