Parent Night is at the VHS from 6PM - 8PM. There will be over 40 different topics for your to attend. Not only is it a great way for your household to earn valuable Informational Parent Involvement Time, but also a great way to learn a new skill, like Google Suite. Or possibly how to raise "money smart" kids! Another great topic you may want to check into is "Growth Mindset". We hope to see you there! **Please note - this is an adult evening. Childcare will be provided, but it might be at locations other than the high school. All children must be supervised at a childcare location.
