

ConnectEd

Welcome to the ConnectEd website! We use McGraw-Hill for both our Language Arts and Social Studies curriculum. You will be able to access the books used in class on the website.

I have included instructions on how you can access your child's book online.

Go to <http://connected.mcgraw-hill.com/connected/login.do>

To log in: Username & password- located inside your child's agenda

The image shows two parts of the ConnectEd website. On the left is the login page, featuring the McGraw-Hill Education logo and the 'connectED' brand name. It includes input fields for 'Username' and 'Password', a yellow 'Login' button, and links for 'FORGOT YOUR PASSWORD?' and 'FORGOT YOUR USERNAME?'. Below the login section is a 'New Users' section with buttons for 'Create a New Account' and 'Get ConnectED Help'. On the right is a screenshot of the user dashboard after logging in. The dashboard has a yellow header with the 'ConnectED' logo and 'School Education Group' text. Below the header is a 'Books and Content' section with an 'Add' button. Two book cards are visible: 'Reading Wonders Grade 3' and 'Social Studies Grade 3'. Each card shows a book cover and a sidebar with 'To-Do', 'My Files', and 'Messages' buttons.

Once you are logged in, choose Language Arts (Left hand side) or Social Studies (Right hand side) by clicking directly on the book.

Choose your teacher's name.

Choose "Resources" towards at the top of the screen.

This will provide you with all of the resources your child can access both at home and at school.

If Language Arts homework is left at school you can also access today's homework by choosing "Your Turn Practice Book".

You can also access "Games", "Words to Know", and "Writing" activities.

Please also take advantage of this website to get any extra support your child may need in Language Arts & Social Studies. We will be logging on and exploring what is available to us.
