

Discipline Policy for Mrs. Kennard's Speech & Language Therapy Room

In the therapy room, a behavior management program called a clip chart is used. When children enter the room, they are to find their clip and clip it to ready to learn/green. The student has the chance to move their clip up or down throughout the therapy session depending on the choices that they make. If a clip is moved up, it can be moved down if behavior worsens, and vice versa, if the clip is moved down, it can be moved up if the behavior improves. At the end of the session, the students earn tickets for positive behavior (see below).
